Sakthivel R

Web Developer

SUMMARY

Goal-oriented web developer with a passion for working on a project that solves problems with thoughtful UI design, creating intuitive, dynamic user experiences powered by a strong backend. I primarily work with the MERN stack among the web technologies.

SELF PROJECTS

❖ E-Commerce Application.

- Implemented this application with a complete authentication system along with various roles(Admin ,Client).
- Application system follows complete authentication for Login, Registration, Forgot, and Reset Password via mail authentication.
- Users can filter products by using Brand, Product Type, and price.
- Users can add new products to their account cart, and also Delete the added products on Cart.
- Users can Check out added Products with Price Details.
- Admin can see the entire product and also delete and update the products.
- Deployed Link: [Preview](#)

❖ Blog Application

- Created Blog application where the users create and edit posts.
- Users can view posts based on the category or author name.
- Users can update their profile pictures.
- Only the Admin or owner of the post can perform edit or delete.
- Deployed Link: [Preview](#)

WORK EXPERIENCE

Process Executive

Mahendra Next Wealth IT India Pvt Ltd.

Sep '20 - Sep '21

Namakkal.

- I have worked in verification and validation process for Passport, ID card and Driving License (Comes from all over the countries).
- By using JUMIO software features we have to extract data from document and verify.
- Finally, we have to Approve or Reject that document and send back to client.

KEY SKILLS

- React JS
- Java Script
- HTML
- CSS
- Material UI
- Bootstrap
